

Sabot 2010: Hybrid Video Recorder

This set-top video recorder combines high performance and a very small footprint. COTS components ensure that components will be available for a long time.

Performance Characteristics:

Two independent video inputs (DVI shown in picture). Also available, VGA and HDMI as options. Audio input is via "line in" to the system board. Storage includes a single 1TB hard drive. Other storage capacity and technology options are available including Solid State Drive (SSD).

System level I/O includes:

- 2 – LAN port (Gigabit Ethernet)
- 1 – Line Out Audio
- 1 – HDMI, 1 - DisplayPort – Simultaneous
- 4 – USB 3.0
- 1 – DB9 Serial Port.

Ergonomics:

13.5" (343mm) W x 2" (51mm) H x 9" (229mm) D. 1U rack mountable – with optional rack mount kit. Wall mountable from bottom. Opportunity for product branding

Lifecycle:

Seven-year availability.

Sabot 2010

EmbedTek designs, invents, and manufactures computers, software, sensors, cameras, and displays for original equipment manufacturers. Our systems improve the quality of imaging in healthcare, simulation programs in the military, video analytics in security, and much more. Throw any challenge at us, from demanding environment and ergonomic requirements to High Level Assembly and nonstandard I/O. We'll evaluate it, carefully attack it, and solve it.
